

PRINCESS BENEDICT UGWECHI

Product Designer (UI/UX)

Lagos, Nigeria · +234 814 273 3245 · benedictugwechi@gmail.com · www.princessbenedict.com

PROFILE

Product designer with 3 years of experience shipping fintech products across web and mobile. I design end-to-end, research, flows, high-fidelity UI, design systems, and the documentation engineers need to build it right. I turn complex flows into clean, intuitive interfaces, and I work closely with teams from first sketch to shipped product.

EXPERIENCE

Product Designer (UI/UX) · Kalabash Technology Solutions, Lagos *Jun 2023 – Present*

- Design end-to-end experiences across Kalabash's card and payments products, multi-currency cards, wallets, and card-to-card transfer flows with FX breakdowns and PIN confirmation.
- Designed a library of 38 transactional email notification templates in HTML/CSS, with per-category illustrated hero banners aligned to brand tokens.
- Write the documentation that moves design to production: PRDs, user stories with API branching logic, developer handoff specs, and website release notes for kalabash.com.
- Designed internal tooling including a card-benefits CMS admin panel, and led UX reviews of card screens ahead of the Kalabash 2.0 release (20+ features, incl. Pay Small Small, K-Points, Save to Travel).
- Collaborate daily with engineering and product teams, iterating on stakeholder and user feedback through structured critique.

Independent Product Design · Personal project *2023 – Present*

- NexStop, Lagos bus commuter alert app: full PRD, 40+ mobile screens, dark mode color system, and a transit partnership proposal.

Front Desk Officer · Omnibiz, Lagos *Nov 2019 – Jan 2022*

- Ran front-of-house operations, client communication, scheduling, and issue resolution, building the customer-empathy foundation I now apply to UX.

SKILLS

Design: User research, wireframing, prototyping, usability testing, interaction design, design systems

Tools: Figma (advanced), Adobe XD, Photoshop, Miro, Sketch

Technical: HTML/CSS, design tokens, responsive email design, developer handoff

Documentation: PRDs, user stories, release documentation, design specs

EDUCATION

B.Tech, Chemical/Petrochemical Engineering · Rivers State University *2014 – 2019*
